# SAVE TIME USING OUR SHEET IMPOSITION PROCESS!

PLDA is a professional and intuitive solution for the **fast and flexible** imposition of your printing data. Not only this but it can also be used to prepare PDFs for other printing technologies, e. g. offset, digital or wide format printing.

## Take advantage of these benefits

- quick one-step imposition, including a function “mixer” for complex imposition templates
- powerful imposition capabilities
- WYSIWYG technology provides an identical imposition result before printing
- ability to save imposition templates and actions
- automation of repeated print jobs using hot-folders
- professional imposition of booklets, magazines and books
- easy-to-use English language plug-in

Try PLDA today and see how much time you can save you business.
